Sailing Instruction

Amendment 3

Sailing Instructions Part II

Delete and Replace:

6.4 [NP] The RRS Afterguard Member shall attend any briefings and shall be responsible for ensuring the Daily Declaration is returned to the race office as soon as practicable following racing each day, but no later than two hours after finishing. After the last race day both GPS trackers are to be returned along with this declaration.

7.2 [NP] A mandatory briefing each racing day will be held at 0830 at the event marquee. The racecourse, weather and any safety related issues will be addressed. Daily Declaration Forms will be distributed. Two fully charged GPS tracker units will be handed out at this briefing on first race day. Captains are excused from the morning pre-race briefing if their yacht is scheduled to depart the dock prior to 0930.

8.2 [DP] Prior to arriving in the starting area on the first race day both GPS tracker units shall be attached to each yacht in accordance with the GPS Tracker Instructions (SI Exhibit 6). The yacht is responsible for ensuring the tracker is properly installed. The trackers are to stay mounted onto the yacht until after the last race of the event.

Delete and Replace SI Exhibit 6 – GPS Tracker Instructions (attached)

Clarification:

GPS Tracker Units have been upgraded and do not require daily recharging, and are remotely controlled.

GPS Tracker Instructions Sailing Instructions Exhibit 6 REVISED 21 MARCH 2024

Sailing Instructions Part II

6.4 [NP] The RRS Afterguard Member shall attend any briefings and shall be responsible for ensuring the Daily Declaration **is returned** to the race office as soon as practicable following racing each day, but no later than two hours after finishing. After the last race day **both GPS trackers are to be returned along with this declaration.**

7.2 [NP] A mandatory briefing each racing day will be held at 0830 at the event marquee. The racecourse, weather and any safety related issues will be addressed. Daily Declaration Forms will be distributed. Two fully **charged GPS tracker units will be handed out at this briefing on first race day.** Captains are excused from the morning pre-race briefing if their yacht is scheduled to depart the dock prior to 0930.

8.2 [DP] Prior to arriving in the starting area on the first race day both **GPS tracker units shall be attached** to each yacht in accordance with the GPS Tracker Instructions (SI Exhibit 6). The yacht is responsible for ensuring the tracker is properly installed. The trackers are to stay mounted onto the yacht until after the last race of the event.

8.3 The GPS unit will track the yacht's course each day. Tracking will be live and available for replay after racing, providing an approximate record of course sailed and proximity to other yachts. The race committee will have a comprehensive record of every crossing, rounding and passing situation, and be able to monitor the 40-meter minimum separation.

MOUNTING THE DEVICES

The tracking devices are protected in an **aquapac** and is recommended to be **attached to the boat on the sea rail**, ideally centrally, at the back of the boat, clear of any obstructions or other instruments, in **clear view of the sky** (for satellites) and **above the Waterline.**

The trackers have **already been turned on** and there is **no need to press any buttons before or after racing.**

Attach the devices **in a vertical** position at the back of the boat. Secure with cable tie or tape, so they do not hang loosely or bang around. Please refer to the below photo documentation.

Tracking device mounting

Watch Live Tracking of the Regatta

Watch tracking live or in replay via www.tracrac.com or from smartphones and tablets using the free app (IOS and Android: search for TRACTRAC).
